IV. Treasurer’s Report- Denise DeBlois/ Nancy Kilbride

January 2021 had no expenses. Total revenue is $15,719.57 Membership is currently at 166 members. Nancy has been tracking membership since 2016 and found that 11 new towns have first joined this year; 23 towns/cities that had not joined last year, joined this year; 42 towns have never been members. Nancy will reach out to those towns. Matt suggested that they be reminded of RSA 129 where they are refunded by their town/city, the expenses for attending the yearly NHHOA meeting, and that the website is a great place for resources. Treasurer’s report accepted.

V. Health Officer Liaison Updates/ Health Officer Manual Update- Sophia Johnson, Matt Cahillane

a) Update: So far this year HOLU has provided 55 technical assistance. 24% in January were not Covid-related, and so far, 40% in February not Covid-related.

b) Training and Health Officer’s Manual: The Mold training had 50 participants (usually 20-30 participants in other trainings). There will be a Health Officer 101 on March 4th. HOLU will be focusing on new training opportunities for HB 179. Not sure of the platform or topics, but want a pre-post survey to evaluate knowledge achieved, and want to be able to track training progress. Once training is required, we need a way to track training progress, as we don’t currently. The Mold chapter has been published to
the HO manual online. Currently Sophia is working on updating Foster care and developing a new chapter that is rodent specific.

VI. Spring Workshop discussion

   a) The spring workshop is Wed. May 12, 2021, from 8:30-12:00, zoom platform. We will have unsanitary living conditions with case studies from Lancaster HO. Sophia will reach out to Adult Protective Services, as the hospital system was involved. Brian also agreed to present case studies. He has 2 cases for consideration. Matt/ Sophia will reach out to Rep. Marsh to talk about the HO bill progress and the content of the bill. The HIPPA training planned to be used will be the one offered by DHHS. They will check with NHMA about what training platforms they utilize. NHMA will develop a webinar for new reporting requirements of the bill, BOH report, reach out to BOS and town managers. Wayne will prepare a letter to send to Lisa Morris to formally request Dr. Chan as our keynote speaker.
