

New Hampshire Health Officers Association

January 1, 2026

Dear Health Officer and Deputy Health Officers,

We invite you to join the New Hampshire Health Officers Association as a member so we can continue to support you and sustain our efforts as a professional organization.

A few benefits of joining include:

- Access to a state-wide forum for the exchange of experience and knowledge
- Building your skills and professional competence in environmental health
- Discounts at two educational conferences during the year in the Spring and Fall
- Legislative tracking and advocacy in policy issues at the state and local government

Our mission is to promote high standards of professionalism among municipal and regional health officers through programs of education, technical assistance, legislative representation, and collaboration with public health colleagues.

The NH Health Officers Association provides a forum for the exchange of experience and knowledge; promotes skill, efficiency, and professional competence of public and environmental health.

Members play a vital role in the organization through their work on various committees and commission groups. Health Officer representation is important to widen our visibility and broaden our knowledge. Become part of the vast network of local Health Officers and Health Officials.

Join us at this year's Spring Conference, May 6, 2026 at the Puritan Conference Center, Manchester NH.

Please contact Wayne Whitford, President NHHOA: (603) 748-1583 or Nancy Kilbride, NHHOA Administrator at eventsyourwaynh22@gmail.com if you have any questions or suggestions. Thank you for all you do for the residents of New Hampshire. Your time and dedication are appreciated!

For more information and to contact board members, please visit our website:
